Kiss me idle

Kiss me without make-up, leave no marks upon my chest

Kiss me idle

Slowly, slowly

The longer it takes

The better mistakes
Abm E Gb Gb
We end up stumbling on

[Verse 3]

I wouldn't want to leave upon your tongue a sour taste

So leave it foiled and disappointed, wanting to be chased

One time lazy

Another time dear

Despite all your fears of

I can't afford the stubborn sleep

On photographs of birthdays past

So close your eyes and catch your breath

And I will wait right here

Tie my fingers to remind me to leave you every day

While my hair is growing white, the strings are turning gray

And one by one they come undone 'til they fall away

Kiss me idle

Dm G/D
Kiss me idle
